ORDER

The Kerala State Electricity Regulatory Commission (KSERC) as per notification No. 2076/F&T/2017/KSERC dated 26th October 2018 notified the KSERC (Terms and Conditions for Determination of Tariff) Regulations, 2018. As per the Regulation 86 of Tariff Regulation 2018, (Fuel surcharge formula), every distribution licensee can recover/remit the additional expenditure/savings due to the difference between the actual cost of fuel and the cost of fuel approved in Aggregate Revenue Requirement by the Commission for the generation of electricity in the generating stations owned by the distribution business/licensee; and the difference on account of the change in cost of fuel, between the actual cost of power purchase and the cost of power purchase as approved by the Commission in the Aggregate Revenue Requirement.

The KSERC as per order dated 08.07.2019 had approved the total power purchase cost of KSEB Ltd as Rs. 8613.94 crore and the quantum of generation and power purchase as 28128.83 MU, for the year 2019-20. The Honourable Commission approved 6998.42 MU as internal hydro generation, 11241.96 MU from central Generating Stations and 8647.06 MU through long term contracts for the year 2019-20. As per the Regulation 86 (4) (c) of Tariff Regulations, the difference between the actual cost of power purchase and the approved cost of power purchase on account of change in cost of fuel shall be computed with respect to the month wise quantity of power purchase as approved in the ARR of the licensee based on merit order.

There has been considerable change in the actual per unit variable cost of power purchase in fourth quarter of FY 2019-20. KSEBL has prepared fuel surcharge petition based on the variation in fuel cost on actual monthly power purchase from approved sources for an amount of Rs 72.55 crores for the fourth quarter of the financial year 2019-20. As per the KSERC (Conduct of Business) Amendment Regulations, 2015, a petition fee of Rs 108825/- (Rupees One Lakh eight thousand eight hundred and

twenty five only) (@0.015% of the increase in revenue expected) is to be submitted along with the petition.

This petition had to be filed on or before 30th April 2020. The petition is prepared based on the monthly invoices of generating stations as per the Regional Energy Accounts (REA) by Southern Regional Power Committee at Bangalore. The provisional REA for all stations will be available by 8th of the month only and the power suppliers raise the bill thereafter. Two to three weeks are being taken for admitting the bills and finalize the power purchase statement. The petition can be finalized thereafter only and hence the delay has occurred. As there is a delay in filing the petition, KSEBL has to file a petition for condonation of delay along with a petition fee of Rs 10, 000/-

The Deputy Chief Engineer (Commercial & Planning) with full powers of Chief Engineer as per note read above has submitted the draft petition to be submitted before KSERC, before the Full Time Directors for approval.

Having considered the recommendations of Deputy Chief Engineer (Commercial & Planning) with full powers of Chief Engineer, the Full Time Directors in its meeting held on 22.05.2020

- i. Resolved to approve the Draft Petition on fuel surcharge for the fourth quarter of FY 2019-20 amounting to Rs 72.55 crores for filing before KSERC.
- ii. Further resolved to authorize the Deputy Secretary (Administration) to release two cheques amounting to Rs 1,08,825/- towards the fee for filing fuel surcharge petition and Rs 10,000/- as fee for filing the application for condonation of delay for the fourth quarter of FY 2019-20.

Orders are issued accordingly.
